Looks like we are now on for Dec 15th for this briefing – a week later than normal. That gives us some time to hone our messages as a Division and market your good work completed and underway.

I took Karen's SDWA slides and appended some overview slides for Water Enforcement to answer Cecil's questions.

Would then like to follow in order with SDWA Highlights and NPDES highlight slides including 1st and 2nd Q projections as we know them.

Feel free to mark this up and append slides for NPDES when ready. And send back for review by next week – thanks

Jon
